EVALUATION OF DIRECT ENHANCEMENT SERVICES

Evaluation of Direct Enhancement Services

COMPREHENSIVE CONSUMER EDUCATION

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice.

During fiscal year 2018 – 2019, the Early Learning Coalition of Brevard continued its efforts to provide high quality Child Care Resource and Referral services to the community. In addition to in-house trainings conducted throughout the year, the Coalition also participated in local CCR&R training conducted by OEL CCR&R staff. The training was requested in order to provide updated information and general CCR&R information to newly hired staff as well as serve as reminders to seasoned staff.

PROVIDER FINANCIAL SUPPORTS

Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development.

Include the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.

During FY 18.19, the Coalition continued to support participation and payments related to the Performance Funding Project. The Coalition also held its 10th annual child care provider conference, *Renew the Passion*, on April 6, 2019 at no cost to providers. The Coalition continued its offers of fiscal and supplemental supports through the Accreditation Support Grant program. Three providers were selected to receive financial assistance with the accreditation process, technical assistance from Coalition staff and mentoring alongside another accredited provider. During the fiscal year, no providers were at a stage in the process where financial supports were requested. Coalition staff will be monitoring the

TRAINING AND TECHNICAL ASSISTANCE

Provide a list and description of trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff and parents in each of the following areas.

Early Learning Standards- The Coalition offered a variety of training opportunities along with partnerships with DOE. Training sessions to VPK Providers “Standards For Four Year Olds”.

- Child Screenings and Assessments

EVALUATION OF DIRECT ENHANCEMENT SERVICES

- Developmentally Appropriate Curricula and Character Development – In June of 2019, ELC held Child Assessment Informational Sessions for Providers.
- Teacher-Child Interactions
November 2018: Trainings offered to providers “Preparing for your Program Assessments”; February 2019; “Preparing for your School Readiness Program Assessments”. Age-Appropriate Discipline Practices- January 2019 Behavior Management Training was provided.
- Health and Safety- Ongoing trainings available by Community, Coordinated Care For Children.
- Nutrition- Ongoing trainings available by Community, Coordinated Care For Children.
- First Aid
- Recognition of Communicable Diseases
- Child Abuse Detection and Prevention

Other- integrating the Standards; Phonological awareness; Negotiating the Use of Power; Read; Aim; Literacy

QUALITY ACTIVITIES FOR INFANT AND TODDLER CARE

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

- A staff member of the ELC of Brevard was significantly engaged in OEL’s Infant Toddler Network during the fiscal year. She participated on regularly scheduled calls and attended face-to-face meetings when offered. In addition, that staff member and the CCR&R Coordinator attended the Mind in the Making Train the Trainer and have since conducted the first training series using that framework. The first training series utilizing Mind in the Making materials was specifically focused on Infant Toddler teachers. Discussions have occurred regarding the need for more targeted Infant Toddler professional development activities in the future. In addition, the topic of available, high quality infant care has continued with the ELC of Brevard’s Board of Directors Quality Committee. It was identified that Coalition staff were beginning to see gaps in available infant care in some areas of the community. Discussions have occurred and will continue about strategies to increase the availability of high quality infant programs in the community.
- The importance of early literacy was a key theme in the coalitions outreach programs to children and families. A wide variety of activities were planned to provide books that encourage reading and builds on the concept of the parent as the first teacher.

MONITORING

Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.

The Coalition continued to support providers through the required monitoring events during the

EVALUATION OF DIRECT ENHANCEMENT SERVICES

fiscal year. School Readiness and VPK providers were monitored utilizing the required tools and in compliance with the established requirements. Again this year, the Coalition supported providers by offering two trainings that were designed to provide a positive monitoring experience for all involved. *School Readiness Monitoring: Heads Up! Triumph or Tragedy?* and *How to Become a VPK Monitoring Success Story!* were well attended and the partnership approach was appreciated by providers. The School Readiness monitoring training was held on July 11 and 25, 2018 and the VPK monitoring training was held on July 13 and 27, 2018. The intent of these trainings is to take the guess work out of School Readiness and VPK monitoring by assisting providers with the content of the monitoring tool with a focus on encouraging successful monitoring experiences.

The Coalition also continued a positive working relationship with the local DCF licensing staff. Communication occurs regularly regarding potential licensing violations, program questions and other areas where sharing information leads to greater compliance.

INCLUSION

Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.

The Coalition continued to offer inclusion and development screening services to the Brevard community. Inclusion staff responded to Warm-Line requests and continued to implement a solution-focused, collaborative team approach for providers and families that benefited from additional supports. Meetings with parents were scheduled together with the teacher/director and inclusion/screening staff in order to ensure that there was agreement on the plan put in place to address the concerns observed in the classroom. The Inclusion Specialist also conducted trainings at multiple provider locations related to inclusion services and specific topic requests, such as managing challenging behaviors.

Developmental screenings were also provided to all enrolled School Readiness children utilizing the ASQ-3 and ASQ-SE, when deemed appropriate. The Coalition continued to utilize ASQ Enterprise, an online parent access option for completion of the required ASQ. For the majority of families, this approach appeared to have been a sufficient way to obtain developmental screening information on children in the School Readiness program. For families where a face-to-face screening or discussion was warranted, Coalition staff provided that level of service as well.

In addition, Coalition staff continue to be active community partners with the local Help Me Grow program. In collaboration with 2-1-1 Brevard, Early Steps, Head Start, Brevard Department of Health, Brevard Public Schools, United Way of Brevard and additional community partners, Help Me Grow is actively working to identify children in need of developmental screenings who would have otherwise been missed. Coalition staff are members of the local Help Me Grow Steering Committee and participate in joint community events to support an increase in developmental screening opportunities in the community.

EVALUATION OF DIRECT ENHANCEMENT SERVICES

CHILDREN SERVED IN SCHOOL READINESS

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month.

[For this data, see Appendix, Tab D.]

CHILD DISENROLLMENT

Total number of children disenrolled during the year and the reasons for disenrollment
