

Child Abuse prevention and You

Everyone Plays a Role...

What can individuals do to prevent child abuse/neglect?

- Assist parents in finding resources when they need them; have them dial 2-1-1 or give them a CAPTF Community Resource Card
- Offer to babysit for a single parent
- Make dinner for a struggling family
- Advocate with elected officials to fund children's programs
- Report suspected abuse or neglect at 1-800-96-ABUSE
- Plant a pinwheel in your yard during the month of April to show your support
