Our world is currently facing challenges that we haven't seen in our lifetime. As the number of individuals staying home increases to safeguard the health and well-being of our families and communities, many of us are searching for new ways to be productive. With the help of the T.E.A.C.H. Early Childhood® Scholarship program, you can do just that!

We invite you to take advantage of a great opportunity to advance your professional development by taking college-credit classes and earning credentials in early childhood education.

Did you know that T.E.A.C.H. works with a number of colleges and training institutions throughout Florida that offer online classes?

You can earn a credential or take a college class or two from the comforts of your own home. Visit www.teach-fl.com to apply for a T.E.A.C.H. scholarship today. We are currently accepting applications for the summer and fall semesters.

Not sure where or how to start? T.E.A.C.H. provides a convenient and easy to use way to search for eligible colleges and training institutions through its [ECE Training Directory](#). You can filter your searches within the ECE Training Directory by school and scholarship type. You can also select to limit your view to only online programs.
