

Technology Vendor Request

Wednesday December 21, 2022

LAUNCHING A CHILD'S FUTURE

The Coalition needs a vendor that can provide technology to promote the school-to-home connection, so families can stay connected with what is learned in the classroom and extend the learning at home.

In addition, these tools should bring curriculum to life with a library of curriculum-aligned videos for teachers that connects with a child-facing platform that drives learning from school to home.

This vendor must:

- align to all CLASS domains and promotes CLASS scores connect school to home
- have content that aligns with FLORIDA ELDS various core curricula and enhances the curricula
- connect home to school creatively and promotes family engagement in a unique way
- support diverse learning needs
- possess content that is available in Spanish, English, and a modified version with intentional support for multilingual learners
- allow children to have access to technology and better prepare them for the online assessment of school readiness

If you believe that you can provide the services listed above, please email Jeannie Williams, Director Executive 321-474-4115 or email jwilliams@elcbrevard.org.

This request will be removed on January 19, 2023
